

Events at The Studio

## Welcome to The Studio

In addition to the wide range of options available at NEMO Science Museum, we also have a 1000 sq. m. venue on the adjacent Marineterrein: The Studio.

## Creative customized catering

Catering is custommade at The Studio. We are happy to work with you and our chef to make your ideas come to life.

## A location with a story

The Studio's set-up, in a former Ministry of Defence gym, is a perfect match for the innovative vibe at the Marineterrein, a place where organizations and researchers work together to find solutions to the challenges confronting today's society. The building's industrial design, unique location and rich history combine to give any event held at The Studio that little bit extra.

## Flexible layout

The flexible layout makes The Studio the perfect setting for a conference, dinner, party or product presentation.

## Sustainable choice

Circularity is central to the design of The Studio. The building boasts a 100% recyclable floor and pay-per-use lighting. The offices are fully furnished with recycled items, the old

emergency lighting is now used in a mosque, the modular ceilings were given a new life in offices and a school and old gym equipment is now being used by Codam and BMA for outdoor fitness.
